**Base Ball.**

Notes of the Game and Other Matters of Interest to Ball Fans.

Logan played her fourth game of base ball Monday morning and is credited with four straight victories, two of them being shut-out games. The Jackson aggregation had been selected by the Logan management for the slaughter. Logan played an errorless game.

Beck was back on his old bag, at first, and handled every thing that came his way. Owing to a pressure of other business and the further fact that our base ball Editor is still under that hypnotic influence of too much 4th of July, it becomes necessary for us to call on our society Editor to help us out, and our readers should overlook any omissions on his part and accept his apologies for not being able to handle the game by innings as we would wish to have it done.

The features of the game were Lytle's, Sandersons and Griffiths fielding and Thurmans stick work. Fred Bright made his initial bow and played a fairly good game, although there was no very brilliant work on his part, and yet, at the same time, with the help the entire team who went after every thing in sight, has the credit of pitching a shut out game. Below you will find how it was done, and figure and wonder to suit yourselves. Owing to the Field Day sports in the afternoon only seven innings were played.

Notes.

Poor Lancaster, like every thing else they can not get a good catch this season, only last week Carroll gave them a drilling that they will not soon forget. And on last Saturday they were to play Carroll on these home grounds. Carroll came down but Lancaster refused to play them. But then that Lancaster for you.

Sill Purcell of Lancaster attended the Logan Jackson game and told the base ball Editor that it was the finest game he had ever seen.

Did you ever see a man play better and more earnest ball than our crack left fielder "Shady" Lytle, his elegant fielding and batting were features of Monday's game.

Becky old boy held down first in tip top shape, not a ball passed through the old catcher's hands. He played an errorless game.

The only mistake made by the advertising committee was that they failed to advertise the events in Jackson and Wellston. Had they done so it is safe to say that two hundred rooters would have come up with the ball club.

Messrs Shisher and Wood deserve a great deal of credit for securing the Jackson club for field day. As they are all first class ball players and as perfect a set of gentlemen as ever paid our city a visit. Although they acknowledged defeat the only mark they made was: "We went up against the strongest team we ever played."

The gate receipts were \$55.00 and the expenses \$45.00 that is the best attendance for a morning game we have ever had, still they say advertising does not pay.

O. C. Pierce the popular rookeryman attended the game Monday the first time in a great many years, and he had as his guest Homer Stires of Haydenville who had not seen a game in 20 years. They both enjoyed the game.

The fair sex turned out in grand style Monday.

Shady Lytle had to doff his cap when he made his appearance in front of the grand stand after he made that beautiful running catch. Shady was the whole thing in Monday's game.

The management made a good play when they secured the sprinkling wagon to lay the dust for Monday's game. It was a pleasure indeed, compared to other games. Keep it up boys, it pays for itself in the way of attendance.

Stanley Dew played center field for Logan Monday, but he was not in shape and was very weak at the bat. A little more practice and he can hold his own.

Show us two better pitchers than we have right here in our own city. Cart and Fred Bright are both pitching wonderful ball this season and both are in tip top shape. Fred with his elegant support shut out Jackson Monday.

It all depends on the proceeds of the concert on July 12th whether or not we have any more base ball this season. So far the boys have been on the losing side. Now fans it is a shame, with the club that we have this season that the attendance can not be any better than it is. Come show your colors.

**SERIOUS CUTTING.**

Several Men Get Into a Roughing It, Resulting in a Probable Fatality.

Lucius Wright Makes a Clean Breast of the Affray.

On Monday evening at 9:30 o'clock there happened what may result in the murder of Will McLaughlin. A gang of fellows among whom were Will McLaughlin and Lucius Wright, were drinking beer near the livery barn of J. A. Oliver. Becoming hilarious they took to wrestling which resulted in a quarrel. McLaughlin is a large fellow and was master of the situation as far as wrestling was concerned, and threw Wright down pretty hard a few times, both becoming mad ere the sport continued long. Wright got his coat and ostensibly started for home; but McLaughlin perhaps thinking he was looking for a stone which to hurl at him, he grabbed Wright and choked him, until L. Dickens and Gus Mills took up the quarrel for Wright. McLaughlin then turned his attention to the two last aggressors, and was busily quarreling with them when Wright rushed up and cut McLaughlin in the breast with a knife, severing the cartilage of two ribs, penetrating a lung, and inflicting a wound about five inches long. Wright proceeded to run for home and McLaughlin run down Main Street to the office of Dr. Wright, where the awful wound was sewed up with difficulty, as with every breath the air from the lung rushed out the gaping wound. The patient was taken home and at this writing is in a very serious condition, as inflammation may set in at any moment and take the life of the afflicted.

The hearing of Wright before Squire Brooke was had this morning (Wednesday, we holding back our edition for its result) and Wright was bound over to court for cutting with intent to kill, in the sum of \$2,000. After several witnesses were heard, who could not tell who did the cutting in the scuffle, Lucius Wright went on the stand himself and admitted he did the cutting, and put up the claim of self defense. That he was being choked to death, and when getting straightened up, he got out his knife and went after his man. The affair is serious and unfortunate, as both parties come from good families of our community, and the boys have always been friends here-to-fore. A keg of beer, and rough wrestling brought about much trouble for both parties concerned. Wright was remanded to jail in default of giving bail.

## Glorious Fourth.

## Logan Fittingly Celebrates.

## Grand Parade, Ball Game and Races.

Much credit is due the energy of the young man's field day committees for the excellent consummation of so glorious a celebration as was the result of yesterday. The weather, though hot, was softened by a slight haze over the searing sun, making it possible to enjoy ones self in watching the merry making. At 9:00 a. m. a grand wheel and base ball parade was formed and is conceded to have been the grandest this town has even had. Following the parade was the ball game between Logan and Jackson resulting in the greatest game ever played in Logan. Logan played an errorless game and Jackson played almost so. The result was a complete shut-out for Jackson and Logan nine runs. We publish score and comments in another column.

In the afternoon the races and athletic sports took place at the race track and a good crowd attended. The sports were superb and long to be remembered in racing and contesting circles. The committees got out whole financially by a close margin and we were delighted with the entire community with their efforts. Below we give tabulated result of the field day contests:
